Summer one home learning grid

This half term, our new topic is **'journeys'**. We will be exploring the journeys we take and looking at different modes of transport. In the grid below are some home learning ideas. This will be a new format, instead of weekly sheets. The ideas below can be completed over the next five-week half term. There is no pressure to complete the home learning, but if you do, we would love to celebrate this at school.

English   	We are reading the story 'The Gingerbread Man'. You could: • Draw a story map. • Make stick puppets for the main characters and use these to retell the story. • Draw a picture of the gingerbread man and label. Could you write a sentence about him? • Think about and draw an alternative ending to the story. Can you draw a new story map?	We will be reading the story 'Whatever Next'. You could: • Draw a story map. • Draw pictures of what you would take with you to the moon. Can you add labels? • There are eight planets. Can you find out their names and draw pictures of the planets? Can you write the name of each planet?  	We love to rhyme at school! Taking turns, see how many words you can rhyme with: • cat • box • tin • man It is okay to make up silly words when you run out of real ones! Can you write a list of your rhyming words?
Phonics  	Practise your letter formation for the letters of the alphabet. Try to form the letters correctly and neatly. **a b c d e f g h i** **j k l m n o p q** **r s t u v w x y z**	**Letters in my name scavenger hunt.** Write your name. Using the letters in your name, can you find any objects in your house that begin with the same letter? Can you label the objects you have found? Can you write a sentence about one of the objects you have found?	Log onto teach your monster to read and complete the phonics games on there. You should have a log in for this. If you do not have your log in, please ask us and we can provide you with it.
Maths  	Roll two die and add them together. How many number sentences can you write? Don't forget to write the + and = symbols.  **6 + 5 = 11**	Write the numbers from 1-10 on different pieces of paper. Then, can you make a number line using objects from around your house? 	Find objects from around your house or local area to create a repeating pattern. E.g. cup, spoon, cup, spoon. How many different patterns can you make? 
Topic 	Draw a map of your journey to school. Don't forget to add in the key features you see along the way, e.g. traffic lights, zebra crossing, post box.	Talk about what journeys you have been on. Have you been on a journey on an aeroplane or a journey on a train? Can you draw a map of the journey you've been on?	Go for a walk around your local park and have a look at the seasonal changes around you. Can you tell a grown up what you can see?
Creative 	Using junk from around your house, can you create a vehicle? Be as creative as you can. As a challenge, can you make your vehicle move? 	Bake gingerbread men! Follow this link for a recipe: *https://www.bbcgoodfood.com/recipes/gingerbread-men-o* 	Make playdough! Playdough is great for sensory fun but is also good for fine motor development. Can you squeeze it? Pat it? Roll it? Pinch it? Follow this link for a recipe: https://www.thebestideasforkids.com/playdough-recipe/
