Digital Learning Project

Name:

Download & play PANDEMIC

On a device, try playing the game Pandemic(it's free).

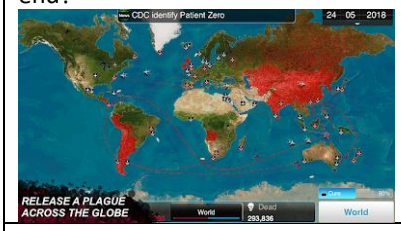

Using Google Earth and maps, can you come up with your own pandemic?

What are the symptoms?

Where did it originate?

How was it spread?

Using an image of a map, describe how the pandemic grew and developed. What happened in the end?

Program a game using Scratch 9/9/21

Can you use your coding skills to make a medicine-related game? Here is a link to help you out:
https://www.youtube.com/watch?v=7OBDwJyW5Vc

Go to Scratch here. You don't need a login, but make sure you SCREENSHOT your work or it'll be lost!

Pandemic Research

Covid 19 wasn't the first time a new virus has changed the world we live in. Can you do some research and find out about 5 other pandemics in history?

Try to explain:

-where they hit and when

-what were the symptoms?

What effect did they have?

e use of antibiotics

cussion group in Teams to talk about Use the information here:
w.e-bug.eu/lesson.php?name=UK-itc-medicine-teaching-resources to bate!

Autumn Term 1: Marvellous Medicine

Anatomy Challenge!

Using the link and the other related links on the same page, can you make a presentation about the human body?

Include things like:

-the bones and their function

-the internal organs & what they do

-the respiratory system

-the circulatory system

-the digestive system

Writing challenge

You and a friend are stuck in London when a pandemic strikes!

Write a story about this.

Read this example for inspiration:
file:///C:/Users/nicks/Downloads/ks2-english-2012-reading-booklet.pdf

Go to the Wellcome Collection

Go check out the Wellcome Collection's gruesome FREE collection of old medical instruments and human body parts.

A must-see!

Anatomical drawing in Art

Look at the Google image search results. Choose one or more images and try sketching them yourself, using tone and cross hatching.

Link here.

Help with drawing can be found here.

Our 7 key skills:

1. Creating Office documents
2. Conducting a safe internet search.
3. Collaborating with people online.
4. Using Google maps.
5. Watching informational videos and taking notes.
6. Go on a virtual tour or visit IRL.
7. Coding challenge.
8. Art
